14 June, 2010

Dear Customers,

Thank you very much for your patronage and support.

I am pleased to announce that we established Fuji Xerox Vietnam Company Limited in May (HQs in Ho Chi Minh City) and have started operations in Vietnam this month so that we can offer customers better solutions to their highly diverse needs along with globalization and higher quality services. I also would like to borrow this place and express my hearty thanks for your understanding and support for our activities related to the establishment of Fuji Xerox Vietnam.

At Fuji Xerox, our focus has always been on providing you with high value-added/high quality products, services and solutions. Now that we established a local subsidiary, Fuji Xerox Vietnam, we are going not only to reinforce the activities of our dealers as well as our products and services, but also enable direct sales and maintenance services operations (in Hanoi and Ho Chi Minh City) so that we can address various needs from customers better and help you to further improve your business efficiency by proposing high value-added solutions.

We also assure our existing customers using our products that we continue our after-sales services to you through our dealers as strong as ever. Meanwhile, I would like to inform you that all our operations managed under Fuji Xerox Asia Pacific's representative offices in the past will be taken over by Fuji Xerox Vietnam Company Limited.

We appreciate your loyalty and continued support and look forward to serving you even better in the years to come. Fuji Xerox Vietnam always remains at your services.

Sincerely,

Yoshio Hanada
President
Fuji Xerox Vietnam Company Limited
